## Netzzuleitung

This exploded view diagram illustrates the assembly of the HP LaserJet 1020 printer. The components are numbered 1 through 23, indicating the sequence of assembly. The main body (3) is shown with the front panel (4) and the top cover (5) being attached. The paper input tray (6) is shown being inserted into the front panel. The paper output tray (7) is shown being attached to the top cover. The toner cartridge (8) is shown being inserted into the toner compartment (9). The fuser assembly (10) is shown being attached to the top cover. The drum unit (11) is shown being attached to the fuser assembly. The paper support foot (12) is shown being attached to the paper input tray. The paper support foot (13) is shown being attached to the paper output tray. The paper support foot (14) is shown being attached to the top cover. The paper support foot (15) is shown being attached to the fuser assembly. The paper support foot (16) is shown being attached to the drum unit. The paper support foot (17) is shown being attached to the toner compartment. The paper support foot (18) is shown being attached to the paper input tray. The paper support foot (19) is shown being attached to the paper output tray. The paper support foot (20) is shown being attached to the top cover. The paper support foot (21) is shown being attached to the fuser assembly. The paper support foot (22) is shown being attached to the drum unit. The paper support foot (23) is shown being attached to the toner compartment.
